## Appendix A – Survey Instrument

---

American Holistic Nurses Credentialing Corporation is conducting a role delineation to ensure that the test content outlines for our certification examinations accurately reflect the roles and responsibilities in the current practice of the profession. Your participation in this process is important and we hope you will help us by completing this survey.

The survey is to be completed electronically and will take approximately 45 minutes; however, should you need to stop at any point and continue at a later time, you may do so.

Only answer those items that pertain to your current level of practice in the profession. For instance, if you are an HNB-BC, you do not need to answer the advanced holistic nurse questions.

Thank you for your time in completing the survey.

## Introduction

Welcome to the AHNCC 2017 Role Delineation Survey. The feedback you and other professionals provide will help ensure that the test content outlines for our certification examinations accurately reflect the roles and responsibilities in the current practice of the profession.

Please save this link and remember your username and password so that you can return to the survey at a later time if you are unable to complete the survey in one sitting.

## Directions

The survey asks you to evaluate 276 task statements in 32 categories. Please focus specifically on each task as related to the day-to-day performance of your own job. Although some tasks may not be relevant to your particular job, it is very important that you read and mark a response rather than leaving it blank. The final section of the survey contains demographic questions that will be used to help describe the sample of respondents to the survey. It is very important that you respond to all of the demographic questions. Please note that your answers will be held in strict confidentiality and will be used only for the purposes of this survey. The results will be reported in aggregate form only and will not be used to individually identify respondents.

**Note: Only answer those items that pertain to your current level of practice in the profession. For instance, if you are an HNB-BC, you do not need to answer the advanced holistic nurse questions.**

## Survey structure

The survey has three main parts:

1. Task Statements - BASIC PRACTICE COMPETENCIES (HOLISTIC NURSE)
2. Task Statements - ADVANCED PRACTICE COMPETENCIES (ADVANCED HOLISTIC NURSE)
3. Demographics

**Do you agree with this recertification requirement?**

**If you selected "No" to the previous question, please indicate your reason for selecting "No," and provide suggestions for what you think should be the recertification requirements:**

- #4 is unnecessary; #5 - ???
- 100 CE how often? per year?
- 100 CE's is a lot, are exam ?s useful
- 100 contact hours seems a bit much
- 100 contact hours seems to be a lot
- 100 hr too much
- 4. requires exam expertise it seems
- 75 hours Continuing Ed,
- 75 hrs of continuing ed contact hrs
- CEU req too high, espcompared to others
- Completing 200 Ce's can be very pricey!
- Decrease number Continuing Education Hrs
- decrease to 75 continuing education hour
- define active involved in holistic nursing
- delete need for #4. I agree with 1,2,3,5
- disagree with #4
- disagree with a witnessed agreement
- Eliminate #4
- eliminate exam items as requirement
- Eliminate the exam question requirement
- Fewer contact hours. 100 is a lot
- Holistic CE Credits
- Hours for recertification CEU's is high
- I am concerned with the question writing
- I don
- I don't know
- ideas
- It seems these requirements probably . .
- Lower CE to 75 hours
- need more information regarding #2
- No exam ?, less CE hrs
- No exam items
- No longer feel certification is vital
- no writing exam questions
- not require 2 items for cert exam
