*On Behalf of the AHNA Board of Directors and the AHNA Staff
AHNA's 2021 Annual Conference will be pivoting to a Full Virtual Conference.*

We are extremely disappointed about not being able to celebrate on-site in Orlando, Florida. The cancellation of the On-site AHNA Annual Conference creates a huge void in terms of holistic nurses being able to share opportunities during an in-person conference together, networking, and celebrating 2021 Year of the Nurse.

It is our hope that rather than being viewed as a setback for those who took time to create these educational opportunities, it will instead be an embraced setting so they can share their work in a safer, more encompassing and global environment in a Virtual Conference. AHNA staff are coordinating the arrangements necessary for the pivot and will need some time to set up the registration and platform.

Registration for the AHNA Member Full Virtual Conference **will be available Monday, April 12.**

To you, our loyal members, we want to assure you AHNA's financial status is stable. AHNA has reduced the Full Virtual Conference registration fees and will be able to continue national programmatic activities and membership benefits, despite the projected expenditure losses from conference planning and non-refundable deposits, the projected revenue loss and other related financial commitments assumed for this event and its cancellation.

We thank you all for your understanding and continued commitment to AHNA.
